Date: 20 April 2024

Dear Students,

Greetings from Indian School Jalan!

Selection of Skill Subjects

With the changing world, it is important to develop a link between education and the real world. Skill development as a component of school education is indeed significant to building a strong foundation for a thriving future. Skill-based education offers several benefits such as it imparts students' control over their learning and aiding them to close the knowledge gap. Apart from it, it gives the student a definite aim to work toward and prepares them for future leadership roles.

As per the **CBSE Guidelines**, students of Classes 6 to 8 need to learn at least one skill subject. Hence, the school has decided to introduce skill subjects in these classes. Kindly fill up the Google Form given below and submit it latest by Monday, 22 April 2024.
